GUIDE TO STAY

HOME AWAY FROM HOME

PROBABLY THE FIRST TIME IN THE WORLD

About

Friendly House

PROBABLY FIRST TIME IN THE WORLD

A day comes to all of us,

without discrimination that new phone, branded shoes or fancy watch no longer become as important as they were.

And happiness would only be centered around recalling memories of closest people to us.

The hugs you made, the care you had towards each other and the meals you shared cannot be replaced by anything else.

It's about breaking the walls around your mind by listening to unspoken stories of your loved ones, and absorb their wisdom.

So, Friendly House endeavours to provide
you a day out ;

(i) with least preparation

(ii) simulating a staying at a friend's home

(iii) to make you become heartily bonded to
your loved ones

to
make them feel there are
much more
valuable things for y
ou than the
daily routines and
problems.
